

Mary Crafts built her award-winning, multi-million-dollar catering company from the ground up. For over 3 decades Mary led her company to greater and greater levels of success, earning the respect and admiration of her peers, employees, and clients. Her catering empire became the launching pad for Mary to serve in leadership positions in her community, and to share her hard-won business and wellness expertise through public speaking.

In 2016 Mary handed the reins of her catering empire to her three children and has devoted herself full time to helping others build their dreams. Whether those dreams are centered around business, leadership, wellness, or something uniquely personal, Mary's unbounded energy and engaging spirit lights the way for others to choose a new path forward — a path empowered by courage and personal meaning and fueled by authentic vitality.

A Badass Woman with purpose, grace, and grit!
